	The barracks installation east of ul. 3 Maja in the southern sector of
/1 V	were observed returning from maneuvers in the first half of October 1950. They approached on ul. 3 Maja from the direction of the railroad station and were welcomed by the residents with flowers. The first column consisted
<1X X1X	They approached on ul. 3 Maja from the direction of the railroad station and were welcomed by the residents with flowers. The first column consisted of open trucks, 10 or 12 of which towed small guns. the column was an AT unit. It was followed somewhat later by another column not as closely observed, so that no details were identified. Judging by the size of the barracks installation, the unit was not larger than a battalion.
